Shakeout Newsletter 4 - For Teachers

Tēnā koutou, it's Andrew here.

This is the fourth newsletter for the first LEARNZ *Shakeout* virtual field trip. Read [previous newsletters](#) [2].

Things to do from this newsletter:

- complete the field trip [evaluation](#) [3]
- send andrew.penny@core-ed.org [4] your field trip work to share with others on the website

1. THANK YOU

- Thank you for your participation in the *Shakeout* field trip to Christchurch. What a great learning experience we had!
- Thanks to our many [experts](#) [5] associated with the field trip, especially Kaye Royal, Waitākiri School River Campus Associate Principal, who helped organise the trip and co-ordinate experts.
- The time and effort that has been put into the field trip by everyone involved has been very much appreciated.

2. EVALUATION FORM

- Please complete the evaluation form now on your [MyLEARNZ](#) [6] control panel - [More info](#) [7].
- Why?
 - We need your input to make sure we provide the highest quality LEOTC experiences
 - Our sponsors need to know what you think of LEARNZ so they keep paying the bills (i.e. we want to keep LEARNZ freely available) and
 - You have a chance to win the field trip [evaluation prize](#) [3] if you submit an evaluation by **Friday 6 November 2015**
- Forgotten your password? [Recover it now](#) [8].

3. FIELD TRIP CONTRIBUTIONS

- Let me know how you used the trip with your class so I can encourage other teachers. Send your ideas to me andrew.penny@core-ed.org [4], e.g.

audioconference summaries, photos of artwork, Blog links etc and I will publish it for your class and others to view.

4. KEEP USING THE FIELD TRIP

- The [Shakeout](#) [9] website has all the field trip material recorded for you and your class to use. Remember to continue to access the [activities](#) [10]. Be sure to take a look at the [videos](#) [11] and the many still images in the [photo gallery](#) [12]. Also get a better idea of the field trip surroundings by looking at the panoramas included in the [diaries](#) [13].
- **The new enhanced LEARNZ audioconferences** are available for replay at any time in [Audioconference Recordings](#) [14]. These recordings include the supporting visuals, text and audio from the formal audioconference as well as the spontaneous questions and answers from the open session.
- Watch the [videos](#) [11] and follow the video questions link to encourage further inquiry.
- Have students add comments about observations and wonderings, the space for which can now be found at the bottom of each field trip [background page](#) [15].
- Read or listen to the [background reading pages](#) [15] and field trip material to help focus your class inquiry.

Ka kite anō,

Andrew
