

[The LEARNZ Zoom Room](#) [1]

Web conferences

Note: Wanting live web conferences or PLD? [Go here to access.](#) [2]

All web conferences (formerly audioconferences) which take place during a LEARNZ field trip are streamed live using Zoom.

How do I get access?

If you have **enrolled your class** in a particular field trip, **field trip newsletters** will include instructions and the link to the LEARNZ Zoom web conference.
Alternatively, access is the same as described on the [PLD and Webinars](#) [2] page.

Why Zoom?

1. It allows your students to see supporting visuals and text while listening
2. It adds an extra avenue for immediate communication in an e-learning context.
3. It provides new opportunities for collaboration and contributing in a safe social media setting.
4. It provides an opportunity for your students to write using language appropriate for a shared online education context.

How is it set up?

The LEARNZ team are using CORE Education's Zoom platform, which does not cost

schools anything.

Features

1. **Ease-of-Use.** You (teachers/students) do not have to sign up to take part. Just click on the link in one of the **field trip newsletters** you receive if you have enrolled your class.
2. **Simple.** Runs in any **web browser** such as FireFox, Chrome, Safari, IE and on any device such as desktop, laptop, tablet, or smart phone. If you are using a **smart phone**, you should be prompted to use the App for iOs or Android.
3. **Free.** Access to the platform is free - it is highly unlikely that the amount of Internet data transferred during the session would be enough to incur any charges.
4. **Cyber Safety.** We (LEARNZ) have the facility to track unsuitable behaviour, and add a password if need be. Note: if you allow students access to the LEARNZ Zoom meeting room, then your school's Internet Use Policy should primarily govern the appropriate ways they interact and what they write. Teachers, one suggestion is for students to send you their messages some other way, and for you to vet them before you post on behalf of students.

When is the LEARNZ Zoom Room open?

The LEARNZ Zoom Room is open during the **live field trip web conferences** for a field trip. Details will be listed in field trip newsletters.

How do I use it?

Some suggestions:

1. You access the LEARNZ Zoom Room **just on your own device** so you can see for yourself how it works.
2. You project the LEARNZ Zoom Room from your device onto a **large screen** so your class can see how it works.
3. Students type questions then copy-and-paste them into a **shared document** or email them to you, or tweet them to you, then you copy-and-paste them into the chat pod.
4. Students in small classes or withdrawal groups use devices to directly post questions into the chat pod, under your supervision.

What can my class do in the LEARNZ Zoom Room?

- **share** ideas
- **ask** extra questions
- **answer** questions

The LEARNZ Zoom Room

Published on LEARNZ (<http://learnz.org.nz>)

- **watch** related visuals
- **note** links to related sites
- **respond** to quick polls
- **contribute** links to related online classwork
- just listen and watch if you want to (and re-watch the recording later)!
