

Prepare Students

Published on LEARNZ (<http://learnz.org.nz>)

This LEARNZ virtual field trip begins with the Prepare Students section and is followed by the interactive field trip experience.

The main parts of the *Prepare Students* section are:

Activities	Interactive web based and other activities to support the learning associated with the background pages.
Background: Easy	Readings written in a simpler style to allow for a multi-levelled approach. Supported by captioned images that can be enlarged to full screen size and used like a slide-show. Students have the option to click and have the page read aloud to them. Questions generated from the background readings and related discussion can be used as a starting point for participation in an audioconference [1].
Background: Standard	Readings related to the content of the field trip, supported by captioned images. These can be enlarged to full screen size and used like a slide-show. Students have the option to click and have the page read aloud to them. Questions generated from the background readings and related discussion can be used as a starting point for participation in an audioconference [1].
Glossary	Available for students to find definitions of new words from the background pages.
